Who we are

Founded in February 2015 in Heliopolis, Mechanic connects European manufacturers, mostly Italian, with Egyptian contractors and authorities. We handle the technical dialogue, site visits, installation and the warranty period in between, and we stay for maintenance afterwards.

Mission

Deliver products and solutions of outstanding quality and value, and be the partner our clients choose again.

Vision

Grow into one of the reference suppliers in Egypt and the Middle East by treating every market change as a reason to offer something better.

Values

Client first. Transparent and lawful in every deal.
Committed to our partners.
Present until the result works.

How a project runs with us

1

Source

We match your specification to a manufacturer we know and quote it locally.

2

Engineer

Technical dialogue between your team and the factory, site surveys and design review.

3

Install

Our engineers supervise delivery, installation, testing and commissioning.

4

Maintain

We stay through the warranty and offer maintenance contracts after it.

Quality system certified to **ISO 9001:2015** by SGS, certificate no. **EG 18/4099**.

What we supply

Four families of systems, from vetted European manufacturers, with one accountable team on site.

Material handling

Stacker cranes	LCS

BHS maintenance & spare parts

Preventive

Scheduled inspections, belt tracking, lubrication and safety checks to the manufacturer's plan.

Corrective & emergency

Local engineers for fault diagnosis and repair, with escalation to the factory.

Spare parts

Original parts from the manufacturer and a recommended stock of critical items.

Controls support

PLC and control issues handled together with the original manufacturer.

Condition audits

Surveys of existing systems to plan refurbishment, upgrades or replacement.

Training

Operator and technician training for your staff, in Arabic and English.

Selected airport projects

Baggage handling, counters and carousels from groundworks to the first passenger.

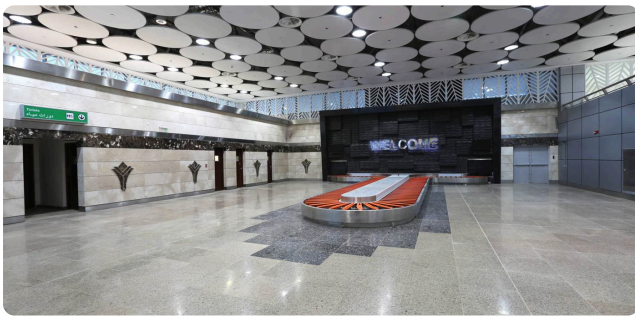

Marib International, Yemen

Installation and supervision of the Cassioli BHS: 6 check-in desks, 1 arrival carousel.

Berenice International, Egypt

9 check-in counters, oversize counter, 2 arrival carousels.

New Capital Airport, Egypt

5 check-in counters, oversize counter, 1 arrival carousel.

El Maleiz Airport, Egypt

5 check-in counters, oversize counter, 1 arrival carousel.

Sphinx International, Egypt

Departure and arrival hall equipment.

Marrakech Menara, Morocco

58 check-in counters, 8 arrival carousels.

“The quality of work performed by Mechanic LLC was fully satisfying to our expectation, and they finished each milestone on time despite the tough project schedule.”

Ahmed Fathi, Project Manager, New Capital Airport, Hassan Allam
